Subdivision Name \_\_\_\_\_ Date \_\_\_\_\_

- This is a replat and no construction is planned.
  - If yes, please fill out the form.
  
- I am building a structure at this time or may build in the future but do not anticipate disturbing more than one acre during the construction.
  - If yes, please fill out the form.
  - \$10 permit fee.
  
- There are three or more lots as part of this subdivision or this is a site that will disturb more than one acre during construction.
  - If yes, please submit storm water and sediment erosion control plan (SWP3) to the SWCD in time to review prior to Planning Commission approval meeting. Anticipate that SWCD personnel will make one or more site visit(s) during construction.
  - \$50 permit fee

Section 9.04 of Holmes Subdivision Regulations state that measures will be taken by the owner/developer to minimize erosion and impacts during subdivision construction activity. The Planning Commission may require detailed erosion and sedimentation plans to be submitted if it determines that the size and/or scale of the proposed subdivision warrants such action. Such plan shall comply with permitting requirements of the Ohio Environmental Protection Agency. The OEPA requires projects to seek permitting if one acre or more is disturbed.

## Agreement

I agree to develop and construct on this lot in a manner that will minimize erosion and sedimentation by following best management practices as directed by Holmes SWCD personnel, and accept responsibility for containing sediment and erosion during construction activities. I grant right-of-way entry onto the project site of the designated personnel of the Holmes SWCD for the purpose of inspecting for compliance with the Holmes County Subdivision Regulations Sections 9.04. Neither the District nor its representatives, nor the landowner will be liable for any damage to the other's property in carrying out the provisions of the agreement, unless such damage is caused by negligence or misconduct.
